

Introducing Big Belly

Trustee Gina Arresta is proud to announce the debut of the “Big Belly Trash Cans” in our Village Downtown Area. These new receptacles are environmentally friendly, use solar energy to collect and compact trash as the cans are filled, in addition, they use wireless technology to communicate with DPW staff when the cans need to be emptied. This new initiative is the latest in the Village’s efforts to keep our Downtown clean and beautiful. Feel free to view the Big Belly You Tube video using the link below to learn more...
