To: General Media Alert
From: William Manger, Mayor, Southampton Village
Re: Immediate Release on January 19, 2025

A Winter Weather Advisory is in effect from 1 p.m. Sunday, January 19, 2025 until 4 a.m. Monday, January 20, 2025. Snow may mix with rain before 5 p.m. The worst weather begins between 3-6 p.m. At this point, temperatures will start to drop, the wind picks up, and snow will accumulate quickly. Approximately 1-3" of snow is expected in our area. The combination of poor visibility and accumulating snow on top of already icy roadways will make driving hazardous this evening into the nighttime hours.

We will continue to monitor the forecast for any changes and want to assure everyone that all village departments are prepared for any weather event that may develop. We do ask that, in the event of snow, try not to drive during the snow event. It is important to keep the roads clear so village employees can do their jobs. If you must drive, please drive carefully and avoid obstructing any village highway trucks, police or emergency service vehicles.

We would also remind you, please do not call 911 for non-emergencies. You should call the Police Department's non-emergency number at 631 283-0056.

According to Mayor Manger:

"I want to assure everyone that I am in regular contact with the Police Chief, Fire Department, Emergency Services and the Highway Department, and we all stand ready to respond swiftly to any weather event."
