

Southampton Village Launches Community-Wide Senior Needs Survey

The Initiative

The Southampton Village Senior Services Committee is announcing the launch of our **Senior Needs & Priorities Survey**.

With nearly one-third of our year-round residents aged 65 or older, we are committed to planning proactively. This confidential survey will provide Village officials with an evidence-based snapshot of daily life in the Village, helping us identify where modest, local support can make a meaningful difference.

“This survey is about listening. We want to better understand what is working well, where there may be gaps, and how the Village can support seniors in ways that are thoughtful, practical, and fiscally responsible.” —
Trustee Ed Simioni, Board Liaison
